

TUFF-SEAL

INDUSTRIAL FLOORING

The **Best** Choice

- ▶ **NO DOWNTIME** Plant and machinery remain operating while Tuff-Seal tile is installed.
- ▶ **SAFE** Highly slip-resistant even when wet.
- ▶ **EASY DIY INSTALLATION AND REPAIR**
No adhesive, special tools or subfloor prep needed. Install over concrete, wood, steel and existing coatings.
- ▶ **TOUGH AND STABLE** Patented hidden interlock keeps tiles locked and watertight. Won't break, crack, deflect or shift even under heavy rolling loads.
- ▶ **LOWER LIFE-CYCLE COST** No expensive or frequent repair or replacement. Easy to move, reuse, repair and maintain. Hides cracks, stains, etc.
- ▶ **REDUCES FATIGUE** Comfortable to work on... can improve productivity.
- ▶ **REDUCES DUST** Keeps plant and equipment cleaner.
- ▶ **QUIET** Muffles noise.
- ▶ **MADE IN USA**
